Glass Fabrication & Glazing Tools & Equipment

Glass Fabrication & Glazing Tools & Equipment

GLAZING CONTRACTORS • GLASS RETAILERS & DEALERS • FABRICATORS & MANUFACTURERS • ARCHITECTS, BUILDERS & DEVELOPERS

FSC Rigid Substrate Cutter - Debris-free cutting of Aluminum Composite and Aluminum Sheet Materials

- Cuts materials up to 65" (1.65M)
- Cuts aluminum composite materials up to 4mm thick and aluminum sheets up to .063" thick
 - Interchangeable cutting head design ensures no obsolescence as blade upgrades follow new materials in the market

3000® Multi-Material Cutter - Score and break glass and acrylics

- Rotating cutting turret for glass and plastic
- Scores glass and plastic up to 1/4" (6mm)
- Wall-mounted machine available in 60" (1.5m) vertical cutting capacity
- Cuts matboard and foamboard up to 1/4" (6mm) thick
- Optional stand for shop mobility and flexibility
- Features a built-in break out anvil

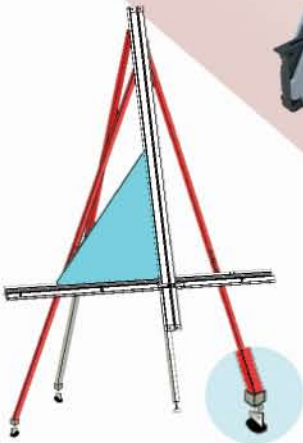

GlazierMaster - Glass Glazing Tool

- Fires perfectly flat into window frame
- Precision firing, fires one point at a time without jamming
- Tension adjustment allows you to tweak firing power
- Easy to load magazine holds approximately 100 points for reduced downtime

GlazierMaster Points

- Glazier's points 3/8" (9.5mm) long (5,000/box) - Part No. 08-980
- Glazier's points 3/8" (9.5mm) long (1,000/tube) - Part No. 08-990

The addition of base wheels allows shop mobility and flexibility for FSC and 3000 units.

Running & Nipping Pliers - Break out or nip glass up to 1/4" (6mm) thick

- Designed with interchangeable jaws, the pliers easily convert from a nipping to a running tool
 - Pliers are available in 6" (15.2cm) and 8" (20.4cm) sizes

Gold Tip® Glass Cutters - hand-held glass cutters

- Cast from superior grade metal alloys
- Features "classic" contoured handle in straight or ball end handle styles
 - Cutting wheel comes in a variety of angles for cutting all types of glass

Glass Cutting Technology - Adaptable to numerous types of OEM glass machinery

- Cutting wheels and wheel units
 - Pillar post - wheel holders
 - Quick change inserts
 - Axles
