

Multi-Material Cutting Technology Unique Product Features & Benefits

Interchangeable Cutting Heads

- Allows the integration of new cutting heads as new materials enter the market.
- Machine will never become obsolete.
- Heads are quick and easy to switch out.
- Maximizes cutting versatility and production throughput.

Featured Product: FSC, 3100®, Alta99

Cut and Trim On the Same Machine

- Dual cutting positions for cutting and trimming.
- Through-cutting for semi-rigid materials.
- Trimming feature for flexible vinyls, photo paper and canvas.
- No need for two cutters dedicated to each function; saves on space and equipment investment.

Featured Product: Titan, Gemini Pro with Atlas Table

Debris-Free Cutting

- Clean & debris-free in comparison to panel saw.
- Can be placed in the same work area as your printer.
- Maximize your floor space, eliminating the need for a dedicated area for cutting only.

Featured Product: FSC, 3100®, Alta99

Laser Sight Guide

- Laser indicates cut line on pre- or post-printed graphics to ensure most accurate cutting.
- Eliminate scrap material due to cutting errors.

Featured Product: FSC, Alta99

Sight Line Cutting Strip

- Specially engineered “green” strip gives you a visible cut line; no need for guesswork.
- Precise cutting registration with materials such as photographs and pre-printed graphics.

Featured Product: Titan, Gemini Pro

Cut Wide Format Graphics

- Recommend Fletcher 100" or 120" Gemini Pro or Titan vs. a straight edge and cutting knife.
- Eliminates fatigue/injuries while working with large size graphics.
- No repositioning of the straight-edge required; allows you to line up the material for the entire width of the cut.
- Utilize table-mounted elevators to raise cutter above graphics for positioning cut line.

Featured Product: Gemini Pro, Atlas Elevators

Free Standing or Wall Mounted

- Works around the needs & requirements of your work space.
- Kit for FSC or Alta99 included with your purchase package (competitors charge extra).
- Switch from floor stand to wall mount if shop space demands extra room; versatile.

Featured Product: FSC, Alta99
